1.1 Overview of the Temple:

Chandeshwori temple is located in the Tokha municipality of Kathmandu. It was built around the 13th century, making it one of the oldest temples in Nepal. The temple is dedicated to the Hindu Goddess Chandeshwori, who is believed to be a form of Parvati. It is said to be a must-see destination in Kathmandu, as it offers a chance to learn about the ancient heritage of the city. It is one of the best temple in Nepal which you must visit. Chandeshwori Temple is the first of its kind in Nepal due to its intricately carved ceramic exterior and ornate sculptures. The famous Annual Chandeshwori

Festival is held here every year in May to commemorate the victory of Goddess Durga over demon king Durgam and to receive blessings from the goddess. Many believers visit the Temple to receive blessings and to carry out rituals to fulfil their desires. The Chandeshwori Temple is a unique architectural marvel and is known for its ornate stone carvings and statues depicting goddess Durga and Lord Shiva.

PART II

Section 8. Conditions of Contract and Contract Forms

Foreword

1. Part II includes standard Contract forms for Consulting Services (a Lump-Sum Contract).
2. **Lump-Sum Contract:** This type of contract is used mainly for assignments in which the scope and the duration of the Services and the required output of the Consultant are clearly defined. Payments are linked to outputs (deliverables) such as reports, drawings, bill of quantities, bidding documents, or software programs. Lump-sum contracts are easier to administer because they operate on the principle of a fixed price for a fixed scope, and payments are due on clearly specified outputs and milestones. Nevertheless, quality control of the Consultant's outputs by the Client is paramount.
